

## Got Your Home Mortgaged?

Then, of course, you'll pay off the indebtedness in time. But suppose you should die suddenly—will the mortgagee foreclose, or will your wife be able to meet the payments?

And even if she can, won't it make a big hole in her resources?

Well then, why not ensure its repayment, whether you live or die, by means of an Insurance and Policy for the amount of the mortgage?

Hundreds of men have adopted this method. It is the surest way yet devised for protecting the home.

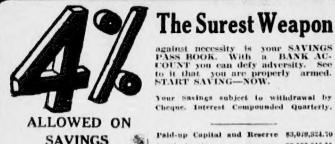

Write for further particulars today. Tomorrow may be too late.

## Merchants Offer Big Prices for Farmers' Produce Brought to Big Christmas Fair--Also Bargains for Readers in City and Country.

The site selected on which to hold the fair is the convenient old market on 10th Street and Queen's Avenue, and is large enough to accommodate a vast crowd. People from a distance could realize the advantages of distant delivery, and when the price in "all in" can they would realize the savings offered in the city stores. Compare the prices. It's advertised and you can buy the same goods, then also consider the future value of the goods. Warm coats, hats, mittens, etc., will be the future value of all these western products. Consider the conditions that are now existing in the West. The greatest industrial center and the sunniest place in the Dominion, everything is favorable for the safety of their products. The cost of living is high, and when you buy in the West, you can get the same products at a lower price.
